**Dear Colleagues,**

Institute of Biology, Karelian Research Centre, Russian Academy of Sciences  
is pleased to invite you to take part in the  
**9<sup>th</sup> INTERNATIONAL NEMATOLOGY SYMPOSIUM**

The Symposium will be of interest to a diverse audience of scientists from different branches of fundamental and applied nematology because various theoretical and practical problems of nematology will be covered at the plenary, symposium and poster sessions. Special attention will be given to current achievements in classical and molecular taxonomy, systematic, phylogenetics, the host-parasite interactions, nematode ecology and bioindication. Among the purposes of the Symposium is a consolidation of the unity of the active working nematology groups in Russia and scientific centres from different countries.

**Location**

Petrozavodsk, the capital of Karelia, is situated on the shore of the beautiful Lake Onego, 400 km to the North of St. Petersburg. The city is the largest centre of education and culture in North-West Russia. You can get to Petrozavodsk by comfortable night trains running daily from St. Petersburg (9 hours) or Moscow (14 hours) or by bus from Helsinki (about 10 hours).
